

Info on the Go: Using QR Codes for Library Instruction

Melissa Mallon
Wichita State University Libraries
Handheld Libraries V
July 2011

Why Use QR Codes?

- Reach students on the go
- Increase mobile literacy
- Save time & money

INFORMATION LITERACY INSTRUCTION

Important Links

- Library Website: <http://libraries.wichita.edu/ablah/>
- Library Mobile Site: <http://libraries.wichita.edu/mobile/> (or scan the QR Code below)

Handouts

[Humanities Full Text](#)

Use this database to find scholarly articles as well as original works of fiction, drama, and poetry.

[Literature Online \(LION\)](#)

This database is a great source for full-text literary criticism and reference sources. Also includes full-text of poetry and prose fiction from almost every period and genre of English literature.

[Literature Resource Center \(LRC\)](#)

This database is rich in biographical, bibliographical, and critical content, and contains information on literary figures from all time periods, writing in such genres as fiction, nonfiction, poetry, drama, history, journalism, and more.

[MLA International Bibliography](#)

A comprehensive database with literary criticism and author information.

[Oxford English Dictionary](#)

Online edition of accepted authority and guide to the meaning, history, and pronunciation of words in the English language. Provides comprehensive etymological analysis and listing of variant spellings while tracing the usage of words through 2.5 million quotations. (OUP)

Databases - supplemental [\(back to top\)](#)

[JSTOR](#)

A good source for scholarly articles. Offers historical coverage of journals dating as far back as the 1800's.

[Project MUSE](#)

Full-text access to current content from high quality, peer-reviewed journals in the humanities and social sciences, including literature and criticism, history, visual and performing arts, cultural studies, education, political science, gender studies, and economics. Coverage varies.

Web sites [\(back to top\)](#)

Try Interlibrary Loan (ILL)! The WCC Library offers a service called ILLiad to find books, journal articles, and other materials from other institutions. These items are loaned to you free of charge! Sign up for a free account [here](#).

Questions about using ILLiad? [Contact a reference librarian](#) or the ILL department at (316) 978-3167.

The Library Goes Mobile

Access the online catalog and some databases on your mobile phone.

Wondering what this is? Learn more about QR Codes [here](#).

Library Guides: QR Codes

What Are QR Codes?

QR Codes (short for "Quick Response") are small square barcodes that contain data that can be read by a QR Code reader or scanner. These readers are commonly found on smart phones or other mobile devices. Your phone's camera "reads" the barcode and displays the data contained within the code. QR Codes are often used to direct users to websites, but they can also contain a block of text or even a phone number.

Check out this video for more examples on how QR codes are being used:

Subject Specialist

	<u>Nicholas Wyant</u> Assistant Professor and Research and Information Services Librarian Tel: (316) 978-5083
	<u>Melissa Mallon</u> Assistant Professor and Research and Information Services Librarian Tel: (316) 978-5077

WSU Libraries and QR Codes

You might see QR Codes start popping up in Ablah Library or around campus. Here are a couple of ways we're keeping you connected with QR Codes:

- ★ Directing you to the WSU Libraries Mobile Site. Keep an eye out for QR Codes on our Subject Guides, like [this one](#) or on posters around campus.
- ★ Helping you out in the stacks. Look for posted QR Codes that will pull up relevant research
